

AKC Utility titled Bulldogs

Compiled by Bea Page

Below are all UD, UDX & UDX2 titled Bulldogs listed in chronological order. No Bulldog has yet titled beyond a UDX2.

Thank you to these sources for titles data: Ed Scully, the BCA/the Bulldogger, AKC's online records

AKC Obedience trials began in 1936. The UDX title was added decades later.

The most challenging set of exercises in AKC Obedience Regular Classes is Utility, followed by Open, then Novice. After a dog achieves a Utility Dog title (UD) by earning three qualifying scores in Utility, s/he can work toward additional upper level titles; but the exercises themselves do not get more difficult than Utility. The Utility Dog Excellent title (UDX) requires qualifying in both Open B (OB) and Utility B (UB) during the same trial and doing that at 10 trials. The UDX has numerical designations for each pair of ten OB & UB qualifying scores (10 = UDX, 20 = UDX2, etc). To date, no Bulldog has gone beyond a UDX2 title.
