

NATIONAL ASSOCIATION OF TREIBBALL ENTHUSIASTS (NATE)

In this sport, the handler & dog work as a team. The handler directs the dog from a distance to get in position behind the set of balls and then to push them one by one into the goal. For more info, go here: <https://www.nationaltreibball.com/>
NATE does not publish a titleholders list, so documentation is not available. Titles listed here are per owner affirmation.
